Sweden

June 16th 2020

To whom it may concern,

By way of this letter we are currently informing all customers and suppliers that ownership of Verisec International AB and its international subsidiaries has changed.

Verisec AB (publ) has transferred all shares of its wholly owned subsidiary Verisec International AB to Holding Point AB, as of June 9th 2020. This was made public through a press release to the market, also available on the seller's company website: <https://www.verisec.com/sv/kategori/press/>

The two business lines Encryption and Authentication were included in this transaction. The two areas not included in the transaction are Freja eID and Verisec Services.

Full ownership of the following international subsidiaries - Verisec Ltd. (UK), Verisec Middle East (UAE) and Verisec Latam (Mexico) has been transferred to Verisec International as a part of this transaction.

Of the acquired business areas, *Encryption* includes all reseller business relating to Hardware Security Modules (HSMs) from Thales/Gemalto and Entrust/nCipher, including customer and vendor contracts.

Authentication includes all IPR related to Freja UP, Freja ID, Freja MASS, Freja Mobile, Freja Mobile Core SDK, Freja SSP and other related products as well as customer contracts and business relationships with suppliers and sub-contractors.

For customers who have previously purchased Authentication and Encryption from Verisec AB, the transaction means that any contract between the customer and Verisec AB will be revised to reflect the new contracting counterparty, Verisec International AB. Invoices will henceforth be issued from Verisec International AB and the bank account details are available in this letter's footer.

For customers of the international subsidiaries mentioned above, there is no major change other than the fact that ownership of the parent company has changed.

For suppliers, it is important to note that the invoicing and delivery address of the company has changed, as evidenced from the letterhead above.

Please do not hesitate to contact me should you have any questions.

Best regards

A handwritten signature in blue ink, appearing to read "Anders Henrikson".
